ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the Clarksville WWTP Improvement Project will be received, by the Town of Clarksville, Virginia, at 321 Virginia Avenue, **until 2:00 p.m. local time on May 4, 2023**, at which time the Bids received will be publicly opened and read.

The Town of Clarksville is requesting Bids for the construction of improvements to the wastewater treatment plant and Kinderton Pump Station and gravity sewer. The wastewater treatment plant improvements scope of work includes:

- a 150,000-gallon concrete reactor tank with splitter box,
- diffused aeration equipment,
- blower building,
- return activated sludge pump station,
- replacement of grit collector,
- new headworks screw conveyor,
- replacement of primary clarifier drive,
- replacement of the UV disinfection system,
- post aeration blowers and diffusers,
- site piping,
- electrical and lighting,

The Kinderton Pump Station Improvements scope of work includes:

- a package duplex grinder pump station near Kinderton Country Club,
- 625 LF of 6" sanitary sewer and 70 LF of 4" sewer laterals to three (3) houses adjacent to Kinderton Country Club.
- Cured in place lining and manhole rehabilitation of 960 LF of sewer and 4 manholes.

This project will be bid as a sectional bid. Contractors are encouraged to bid both sections (WWTP and Kinderton) or only one.

A pre-bid conference for the Project will be held on April 20, 2023, at 10:00 AM at the Town Hall, 321 Virginia Avenue, Clarksville, VA. Attendance at the pre-bid conference is encouraged but not required. For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

- *De Minimis*,
- Minor Components,
- Pig iron and direct reduced iron
